

Mentorship Program

A Mentor list has now been compiled! A big thank you to all administrators who have volunteered themselves to be a part of this program.

This is how the process will work:

1. Any new administrators looking to be mentored are encouraged to call the PMA office.
2. A committee will review the list of Mentors to determine those available in that particular region, and best suited to meet the needs of the Mentee.
3. PMA will act as the organizer and make arrangements for both parties to talk and/or meet. (Please be advised that any costs incurred for travel, etc. will be the responsibility of the Mentee and/or their respective council.
4. PMA will encourage a continued relationship of ongoing dialogue and learning.

To become part of this initiative, please contact the PMA office at 726-6405 or via email at ex.dir@nlama.ca.
